

A refuge for companion animals, farm animals and other creatures.

Dear friends, supports of Oasis, and animal lovers everywhere –

Would you give up an evening of entertainment to save a life?

The Oasis Animal Sanctuary has been in business for over 8 years, and during that time we have helped over 360 animals find a better life, all through foster homes. With the economy's downturn, the need is ever greater for a physical location for Oasis. Our foster home program, as well as all of the animal welfare organizations in south Jersey, simply cannot accommodate the additional onslaught of homeless pets brought on by tough economic times. Every day we receive desperate calls from people frantically searching for an alternative to the kill shelters for their beloved Fido or Fluffy because of illness, death in the family, or home foreclosure. And even though our spay and neuter program is booming, the urgent need is RIGHT NOW.

We are marketing our Capital campaign again in an effort to raise money to buy a farm. If you think of an evening out - a movie, bowling, etc. - \$25 for the evening is very inexpensive. We are respectfully asking that **in lieu of ONE night's entertainment, would you please consider donating the money to our building fund?** Granted, \$25 is a lot of money in this economy, but if everyone reading this would donate the money, the facility would be built so much sooner, helping so many more local animals. Remember, it also helps NJ residents - possibly your own friends or family members – who find themselves in the unexpected and awful position of losing their homes and having to give up their beloved pet. It happens, all too often today.

Won't you please consider making this special donation to our building fund? Your gift is 100% tax deductible. You can donate online via our website oasisanimalsanctuary.org, or send in your donation with the coupon below. We accept Visa and MasterCard also. Thank you for your consideration of this special request.

For the animals,

Phyllis Van De Weghe

Phyllis Van De Weghe
Vice President & CFO

PS – If your employer has a matching gifts program, you can double your contribution for the animals! Please contact your Benefits Dept, Payroll Dept or Human Resources for more information on their program.
